## Filming Impact Notification Form

If filming occurs in business and/or residential areas **and** streets must be closed from time to time to accommodate film production crews or on-street parking as needed, we require production companies to survey nearby businesses and/or residents. This survey is used by the Community Development office in evaluating neighborhood support for the proposed film activities.

Authorization must be received from all businesses considered “directly affected” by the proposed filming activity. Production companies requesting a City film permit must provide residents and businesses with a copy of this form when obtaining signatures. Production company representatives must fully explain any questions an individual might have regarding the filming activity, including use of supplemental business contracts between the impacted residents and businesses and the filming company.

Filming will occur at:
Name of film company:
Type of filming:
Date(s) of filming:
Description of filming:

The production company has applied for the necessary film permit and will maintain all legally required liability insurance. If a permit is granted, all City personnel required to ensure public safety will be on location during the filming. The production company will make every effort not to disturb you and will abide by the hours set forth above. Thank you in advance for your cooperation and hospitality while location filming occurs in your neighborhood.
